WAVERTON MULTI-ASSET CAUTIOUS FUND

30 September 2026

Fund aim

The investment objective of Waverton Multi-Asset Cautious Fund is to achieve long term capital growth through investment of up to 100% of its assets in a diversified portfolio of equities, fixed and/or floating rate global government and corporate debt securities, structured products, deposits, cash, money market instruments and commodities.

Investment style

The Fund has a multi-asset structure and invests in a portfolio of direct equities, bonds and alternative strategies, and may use open-ended funds and exchange traded funds to gain exposure to those asset classes. The Fund will maintain a relatively concentrated portfolio with a high degree of flexibility.

Risk warning: Past performance is no guide to future performance. The value of holdings may fall as well as rise. All financial investments involve an element of risk. Clients should note that yields on investments may fall or rise dependent on the performance of the underlying investment and more specifically the performance of financial markets. As such, no warranty can be given that the expressed yields will consistently attain such levels over any given period. Currency movements may also affect the value of the investment. If the currency in which the past performance is displayed differs from the currency of the country in which you reside, then you should be aware that due to exchange rate fluctuations the performance shown may increase or decrease if converted into your local currency.
